### What came first? It's a good question!

This series takes a look at the parameters that contribute to why a work was written.

We'll highlight specific composers and span their lifework. Are you ready to hear great music, see where the composers lived and worked, and learn more about them?

Come join us! Did I mention we'll have guests??

**Series I – All-Italian** • Tuesdays: October 4, 11, 18 7:00 pm
